Soon before time is integrated to improve the sprint stages. through sets of scientific and rational design. closely linked to the program requirements. the appropriate level of difficulty. knowledge of a wide coverage and be able to hit the whole truth of the proposition trend simulation questions comprehensive exercises. to achieve the purpose of you may say. to reflect on the issues and summarize the law. is an important way to effectively achieve comprehensive improvement. Can I do this. the key is to see the quality of the simulation questions. Are Chen questions. the old title. or test. has done similar questions. often create a false impression. the simulation result is very satisfactory. but the actual state is not such a thing. not a true reflection of their own level. because Problems not drill through to be found. and the regularity of things did not drill through summary. The Kaoyan mathematics to achieve the desired results. the question is in the final stages of the review. The questions is not more. but in essence is strictly in accordance with the the examination syllabus proposition principle requirements as well as the latest proposition trend preferred design of the kinds of questions is that the difficulty of the exam specification requires full compliance with reliability....
