I Worked alone with my investigation until about 1892, with such help as my four sons could give, treating many kinds of diseases, and heard much talk, good and bad, for and against the new method of curing the afflicted. Paying no attention to comments, I did the work, which was all I tried to do or thought of doing. The results were far better than I had ever dreamed or reasoned I could obtain. People came in great numbers to me to be treated, and my practice yielded me quite a little sum of money....
