NAMELESS is a sci-fi treat filled with action, romance and the eternal quest of remembering who we really are. Gritty at times, poignant at others, with a touch of hilarity in between. Tosca Lee, NY Times Bestselling Author of The Legend of Sheba: Rise of a Queen A girl with no memories. A man with too many. And an assassin who starts a war to find them. On the seedy backwater moon where a NUSovian ship dropped Xander off to scratch a living among the mines and brothels, true friends are a luxury she can t afford. What kind of person doesn t know her own name? Waiting tables and fending off amorous drunks barely earns Xander enough to survive, let alone escape to the civilized colony of NUSaxony to find a neurotherapist who can help her regain her lost memories. But help often comes from unexpected places. An ex-assassin on the run from his own past, Kale and a team of bounty hunters as eclectic and derelict as their ship saves Xander from a syndicate operative who started a space colony war to find her. They race against time, seeking the spaceship that holds the key to Xander s memories before the syndicate catches up with them. As the net closes in, Xander faces a choice. Is finding herself worth the price her friends will pay? Or does true friendship mean sacrificing Xander s memories-walking away from everyone she loves-to keep them safe? After all, some things are more important than a name.
